

Walnut Park Homeowners Association

January 5, 2009

To Whom it May Concern:

Elliott and Elliott recently re-roofed eighteen buildings at Walnut Park HOA, an association consisting of 210 units.

There were some challenges to this project as there was little access, if any, to the rear of many buildings.

The project went relatively smoothly and the response time from Elliott and Elliott to Management requests was excellent. There were no complaints from the residents related to the re-roofing project, other than a couple of bushes that had been damaged by the generators. The damage was not permanent and the plants have revived.

I would definitely give them a positive recommendation.

Sincerely,

Marsha Pelino, CACM, for
Walnut Park Homeowners Association
