To Whom It May Concern:

I would like to personally recommend selecting Elliott and Elliott as your roofing contractor. As project manager for very large roofing contracts for homeowners associations, I have worked with different roofing contractors and I can state that Elliott and Elliott possesses all the qualifications that are necessary to make a roofing project run smoothly and efficiently. Pre-construction meetings are held to lay the ground work and rules for the project and iron out technical issues between the contractor and consultant. The responsiveness by Mark Nelson has always been immediate to remedy any issues that arise and the crew is respectful of the homeowners and completes work in a remarkably short time frame. The paperwork and accounting process between contractor and project manager has always run smoothly.

Elliott and Elliott Co. is a highly regarded roofing contractor in the community and I can say with confidence that they will exceed your expectations.

Sincerely,

Suzanne Infald
Project Manager
